Digs Full-Aluminium Extendable Table

240→323cm · Woodgrain aluminium slat top

Full aluminium · woodgrain finish #QL1227

A table that is aluminium from top to leg — no glass, no stone, nothing to crack or stain. Slatted woodgrain top reads as timber, extends from 2.4m to 3.23m for larger groups, and is built for permanent outdoor placement.

Size	Closed 240cm → extended 323cm · 100cm wide · 75.5cm high (64cm under-table)
Top	Aluminium slats, mixed 10cm & 5cm widths · 2 × 120×100cm woodgrain panels + 1 × 83×100cm plain panel
Frame	Table frame 100×25×2.0mm · leg 100×20mm trapezoidal aluminium
Finish	Aluminium with woodgrain finish #QL1227
Packing	1 carton · knocked down · 246×106×17cm · 0.44 CBM · 47 / 54 kg (net / gross)
MOQ	No MOQ when stock is available · otherwise 10 pcs per colour
Lead time	45–60 days after deposit
Payment	40% deposit with order · balance before shipment

Landed Jamaica · USD · excl. GCT & duty

Per unit **$1,083** 5+ units **$920**

ICM-YW-068 · N2328

Peppa Extra-Long Extendable Table

240→360cm · Sintered-Stone Grey Glass Top

Fine-sand powder-coated aluminium · tempered stone-grey glass

The longest extension table in the Youwin range — closes to a tidy 2.4m and pulls out to a full 3.6m banquet run seating 12–14. Fine-sand powder-coated aluminium frame under tempered glass with a sintered-stone marble texture: rain-proof, scratch- and sun-resistant, rated for permanent outdoor placement. Telescopes easily — one person can extend it.

Size	Closed 240cm → extended 360cm
Top	Tempered stone-grey glass · marble-look texture
Frame	Aluminium · high-temp fine-sand powder coat · Tiger finish
Outdoor rating	Colour-fast · odour-free · rain / scratch / UV resistant
Operation	Telescopic · single-person extension
Packing	1 carton · knocked down · 246×105×25cm · 0.65 CBM · 94 / 120 kg (net / gross)
MOQ	No MOQ when stock is available · otherwise 10 pcs per colour

PARASOLS & UMBRELLAS

ICM-YW-A30 · 200121

3m Aluminium Beach & Terrace Umbrella

Ø3m round · 48mm aluminium pole · 8 ribs · crank lift with tilt

Aluminium pole · 180gsm polyester (standard) or 210gsm Olefin + aluminium ribs (coastal)

The workhorse for beach service and terrace seating. A 48mm aluminium pole with eight ribs and a crank lift, plus a tilt joint so the shade follows the sun through the afternoon rather than leaving half the table exposed by three o'clock. Aluminium will not rust-bleed onto a white canopy the way a steel pole does on a salt-air beach, and the 180gsm polyester canopy is the same weight carried on the heavier parasols. Anthracite frame; canopy in off-white, grey or taupe. For beachfront service, the Coastal build upgrades to a thicker 48×1.0mm pole, eight aluminium ribs in place of steel, and a 210gsm solution-dyed Olefin canopy — no steel anywhere in the frame to rust in salt air, and a canopy that holds its colour under Caribbean UV.

Construction	Standard: alum 48×0.8mm pole · 8 steel ribs · 180gsm polyester | Coastal: alum 48×1.0mm pole · 8 aluminium ribs · 210gsm solution-dyed Olefin
Canopy	Ø3m · off-white, grey or taupe (standard)
Pole	Aluminium 48mm · anthracite frame
Operation	Crank lift with tilt
Base	Not included — iron base 50×50cm 11 kg +$54 , or 62×62cm 17.6 kg +$92
Other sizes	Ø2m $43 · 2×2m $50 · 2×3m $58 · 3×3m square (crank, no tilt) $99
MOQ	600 pcs per colour — smaller runs accepted at +5%

ICM-YW-PLY · item nos TBC

Anodised Aluminium Pulley Umbrella – 270cm & 330cm

Ø270cm or Ø330cm · all-aluminium frame · double pulley lift, no tilt

Anodised aluminium pole & ribs · 250gsm water-repellent polyester

The all-aluminium option for beach and pool service. Pole and all eight ribs are aluminium in an anodised finish — the corrosion protection is sealed into the metal itself rather than coated on, so nothing chips, peels or rust-bleeds in salt air. A simple double-pulley rope lift with no tilt mechanism means fewer moving parts to service, and the 250gsm water-repellent polyester is the heaviest canopy in the aluminium range. Two sizes: Ø270cm on a 38mm pole, Ø330cm on a 48mm pole.

Construction	Ø270cm: anodised alum pole 38×1.3mm · 8 alum ribs 14×24mm | Ø330cm: pole 48×1.3mm · 8 alum ribs 14×24mm
Canopy	250gsm polyester · water-repellent treatment
Operation	Double pulley lift · no tilt
Base	Not included — iron base 50×50cm 11 kg +$54 , or 62×62cm 17.6 kg +$92
Packing	1 pc/carton · 260×20×20cm · 0.104 CBM per unit

Two-Head Double Umbrella – 4.6m

460×265×255cm double canopy · one pole shades a full dining set · crank open

Aluminium centre pole · khaki 250gsm polyester canopy, PU-coated

One centre pole, two joined canopies — 4.6m of continuous shade that covers a full 8-seat dining set or two lounger pairs from a single base. Hand-crank open/close, a skylight in the canopy, and LED-lit short ribs charged by a solar panel and battery for evening service with no wiring.

Size open	460×265×255cm (W×D×H)
Pole	48mm polygonal diamond-shaped aluminium · iron diagonal brace / tie rod 20×30mm
Ribs	24×14×1.5mm · short ribs LED-lit (solar charging panel + battery)

Bilbao Cantilever Parasol 3×3m

Side-post cantilever · 3×3m square canopy · ballast base sold separately

Anthracite frame · 220gsm polyester canopy · nature / black / grey

A 3×3m side-post cantilever on an anthracite frame. The offset mast clears the centre of the shaded area, so one unit covers a whole group without a pole between them — the practical choice over a centre-pole parasol wherever guests sit around a table or in a cluster of loungers. Canopy in nature, black or grey; replacement canopies are stocked as a spare part, so a torn cover after a storm does not retire the frame. The volume alternative to the design-tier parasols — shaded area per unit rather than design pedigree.

Canopy	3×3m square · 220gsm polyester (factory-confirmed) · nature, black or grey · ø3.5m round available at the same price (200181)
Frame	PC002 anthracite
Base	Not included — 4-pc HDPE ballast set, 104 kg filled with water / 135 kg with sand: +$118 per umbrella ($100 at volume)
Spare canopy	Replacement cover stocked · $66 landed-basis per canopy
Solar-light version	Available (200199) at +$95 per unit
MOQ	100 pcs per colour — smaller runs accepted at +5%
Carton	0.159 CBM per umbrella · 0.176 CBM per base set

Magic 3 Pro Wooden Cantilever – 3×3m

3×3m double-top cantilever · wood-grain frame · LED ribs + solar

Wood-grain aluminium frame · Sunbrella khaki canopy

The wood-grain take on the big Roman cantilever: a 3×3m double-top Sunbrella khaki canopy over a timber-look aluminium frame that reads as hardwood without the maintenance. Every rib carries LED lighting from a 10,000mAh battery with solar top-up — shade by day, ambient light for evening covers, no wiring. Cast-aluminium turntable rotation.

Canopy	3×3m · double top · Sunbrella khaki
Frame	Wood-grain finish · pole 105×65×2.8mm · arm 57×48×2.0mm
Ribs	8 shaped aluminium ribs 30×20×1.2mm · all LED-lit
Power	10,000mAh rechargeable battery + solar receiver panel
Hardware	Fish-form alu handle · cast-alu turntable · square-tube steel foot
Base	120L trolley water tank 95×95×18cm — 120 kg water-filled, 150 kg sand+water
Packing	Canopy carton 262×43×16cm · 0.18 CBM · 33 / 38 kg · base packed separately
